

# Our Vision

Revd.  
Debbie

We're building a shared, safe space in the heart of Jesmond.

- Open to all ages and backgrounds
- A welcoming venue for meetings, classes, and social events
- Fully accessible and future-ready
- A reflection of Jesmond's community spirit

*Little Saints in the Hall*

Together, we can create spaces that serve everyone—now and for generations to come.

Revd. Debbie Loughran

# The Cause

Our Community Hall is a well-loved space, used by hundreds of people each week, but it's in need of renewal.

- Outdated facilities and tired interiors, which don't meet the needs of modern community usage
- No independent access to each room, or to the facilities. Rooms can't all be used independently
- Poor sound insulation between rooms
- Spiral staircase limits the use of the first floor
- Poor energy efficiency
- Access to the Green only via a road

These issues make the space uncomfortable and impractical for many users. We need to modernise the hall so it can continue to serve Jesmond's diverse and growing community.

# The Proposal

With your support, we'll completely transform the inside while preserving the historic Grade 2 listed exterior.

- A fully refurbished, bright and modern interior with up to date facilities
- Two new halls and an upstairs room that can be used independently. Retaining a major space for large events. All will have their own access to shared facilities
- Improved sound insulation
- Larger, more usable first floor with a standard staircase
- WiFi & modern IT facilities
- Significantly improved heating & lighting. Eco friendly
- An outside link to enjoy the Green

These updates will make the hall more inclusive, versatile, and sustainable - ready to support a wider range of events and activities at affordable hire costs.
